Mikael M. Rendón

Endicott, NY | mm3446@cornell.edu | linkedin.com/in/mikael-rendon-625943254

EDUCATION

Cornell University, College of Agriculture and Life Sciences (CALS) Ithaca, NY
Bachelor of Science in Environmental Engineering | Minor in Biometry and Statistics Expected May 2028
Cumulative GPA: 3.587
Relevant Coursework: Environmental Systems Analysis, Environmental Quality Engineering, Environmental Statistics, Probability and Statistics for Economics, Engineering Computation

ACADEMIC RESEARCH

Srikrishnan Lab, Cornell University Ithaca, NY
Undergraduate Research Assistant May 2026 to Present

- Ported a tropical cyclone risk prediction model from Python to Julia to generate storm genesis, track, and intensification rate parameters.
- Integrated modeled hazard outputs directly into the Coastal Impact and Adaptation Model (CIAM) to advance coastal damage and resilience analysis.

PROFESSIONAL EXPERIENCE

Accessible Media Resource Center (AMRC) **Ithaca, NY**
Assistant to AMRC Director May 2026 to Present

- Designed and launched a custom, automated document workflow in Microsoft Power Automate that routes professor files to work folders, generates assignment cards, and validates progress, reducing delivery time by 23%.
- Built a comprehensive archival system from scratch containing 925+ resources, cutting early-semester remediation turnaround from 5 weeks to 2 weeks.
- Routinely audit delivered work to enforce strict compliance with NCRTM and internal accessibility standards.

Project Coordinator August 2025 to May 2026

- Formatted OCR-converted documents into Word format with advanced accessibility compliance matching NCRTM standards and individual student requirements.
- Facilitated secure document transfers between centralized hubs and private student folders to uphold strict data privacy.
- Produced over 150 accessible documents across 14 student projects, directly coordinating 2 full-scale project workflows.

LEADERSHIP & CAMPUS INVOLVEMENT

Computational Sustainability Club at Cornell Ithaca, NY
Secretary February 2025 to Present

- Supervise Data Analytics subteam operations, overseeing project sourcing from community recycling non-profits, data retrieval, group collection, analysis in Python (Pandas), and stakeholder reporting.
- Organize semester-wide student recruitment campaigns and coordinate operational logistics.

Sustainable Computing Workgroup Ithaca, NY
Founding Member April 2026 to Present

- Organized the campus-wide "Cornell Unplugged" event to advocate for mindful technology use and sustainable computing.
- Represented the organization in 3 media interviews with university publishers and *Inside Higher Ed*.

HONORS & COMPETITIONS

Beta Alpha Psi x EY Case Competition — 1st Place Team September 2026

- Awarded 1st place out of 20 competing teams for constructing a private equity investment strategy in an NHL team for Anabel Capital Partners LLC.
- Built a 5-part risk and ROI-dependent exit strategy model tailored to complex asset-class structures.
- Led a 3-person cross-functional team to synthesize research and pitch recommendations to executive judges from EY Consulting and SC Johnson College of Business faculty.

TECHNICAL SKILLS & LANGUAGES

Programs & Software: Julia, Python, R, SQL, Java, Microsoft Power Automate, GitHub, Autodesk Maya 3D, MS Office
Languages: Spanish (Native), Japanese (Beginner)
